## Built in: Light tone

---

Providing an elegant seamless storage solution in any number of configurations, a built in wardrobe suits spaces of all shapes and sizes.

Use this guide as a starting point to bring your wardrobe to life.

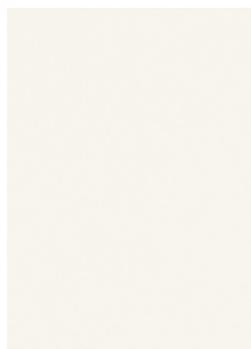

### Design tips

Add interest to a neutral scheme with textural detailing. Create contrast by edging Warm White doors with Refined Oak to highlight its contrasting coloured inner cabinetry. Purpose-built storage creates a tidy streamlined look, and when finished in white and light wood, makes a space feel larger than it is.
